Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Keith J. Townsend on 03 February 2005.

The application has been amended as follows:

In the claims

In claim 1, last line, "lehring (sintering)" has been replaced by -----sintering-----.

In line 2 of claim 11, "said discharge vessel" has been replaced by -----said lamp envelope -----.

In claim 12, first line, "comprising" has been replaced by -----consisting essentially of -----.

In line 2 of claim 13, after "aluminum" insert -----oxide -----,

In last line of claim 13, "lehring (sintering)" has been replaced by -----sintering---.

Claims 17-20 are cancelled.

Allowable Subject Matter

Claims 1-16 & 21-24 are allowed over the prior art of record.

Examiner's Reasons for Allowance

The following is an examiner's statement of reason for allowance:

Appeal brief, filed on 01/03/05 has been considered and applicant's arguments presented (pages 4-9 of appeal brief) for claim 1 is found to be persuasive. Thus, pending previous rejections of claims 1-11, 21 & 23 have been withdrawn.

Rejection of claim 12 has been withdrawn in light of applicant's amendment of claim 12 (see Examiner's amendment) further in view of applicant's argument presented in appeal brief (pages 4-9 of Appeal brief).

Consequently, rejections of claims 13-16, 22 & 24 are withdrawn for their dependency status on claim 12.

Further regarding claims 1 & 12, the prior art of record neither shows nor suggests an electric lamp consisting essentially of all the limitations particularly consisting of the limitation of a reflective layer consisting essentially of a sintered mixture of oxidic material and a getter material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
